Safety Procedures

How will we protect our dancers?

- We will continue our drop off and pick up procedure listed below to protect our young, unvaccinated dancers.
- Students will be asked to sanitize as they enter the building and temperatures will be taken.
- Props and partner work will not take place to avoid contact with shared items and other students.
- All unvaccinated individuals, including children under the age of 12, will still be required to wear masks to continue to make RDC a safe and comfortable environment for our dance family. Although all faculty members have been fully vaccinated, they will continue to wear a mask to model the practice for our younger students.
- Per the latest CDC and VA state guidance, RDC will no longer require vaccinated individuals to wear a mask. While not required, vaccinated individuals may wear a mask based on personal preference.

Drop off and pick up procedure:

- Before you leave home, please be sure to use the restroom to minimize restroom use during class.
- Upon arrival, pull up to the front of the studio and have your dancer put on his or her shoes.
- Once the instructor opens the door, you may release your dancer and leave.
- When classes end, students will be dismissed one by one from the entrance to RDC.
